

HALLOWEEN SCAVENGER HUNT CLUES

The candy is hiding, do you know where to look? Check the place where you put a book.

Not in here? Those pesky goblins and ghouls! Let's see if they hid it where we keep the tools.

This scavenger hunt is far from dull, better look under something you put on your skull.

Is that a howl I hear? The wolves must be singing to the full moon. Go look in the place where we keep the spoons.

Scary sounds can give quite the fright. Maybe we should go grab a flashlight.

Be careful for dust and spiderwebs as you go take a look under your bed.

SCAVENGER HUNT CLUES

Now watch out for any zombie hands popping up from the ground while finding the thing a witch needs to fly around.

Phew that was a close one! Now onto the next clue. Go to the place where you'd get ingredients to cook a witch's brew.

That sure was tasty! Hope we don't turn into a frog. Now hop outside to find something that looks like a log.

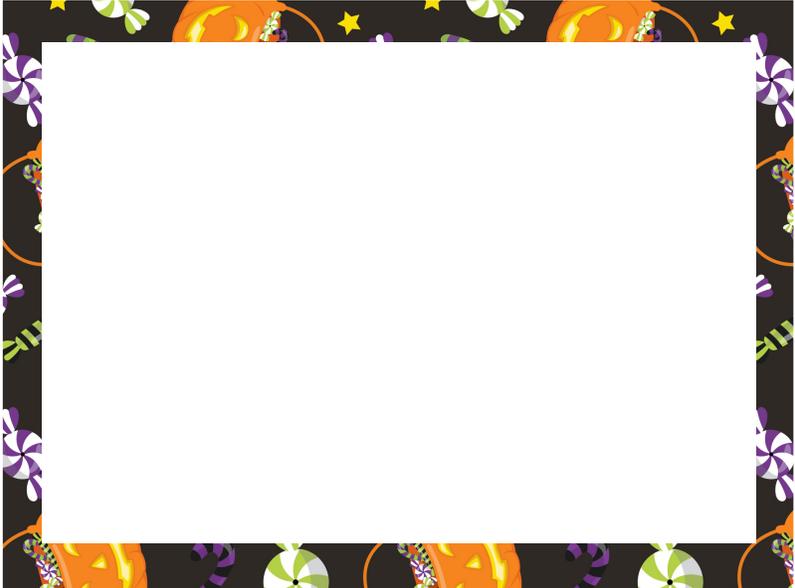

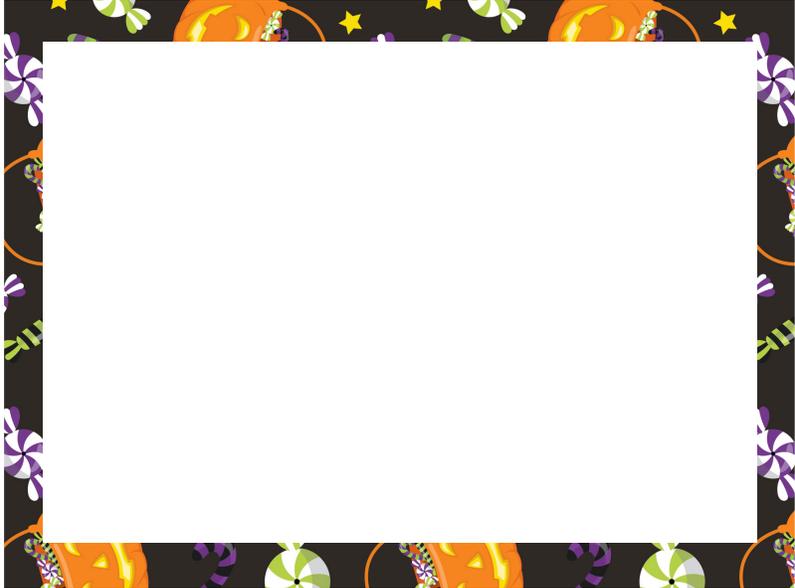

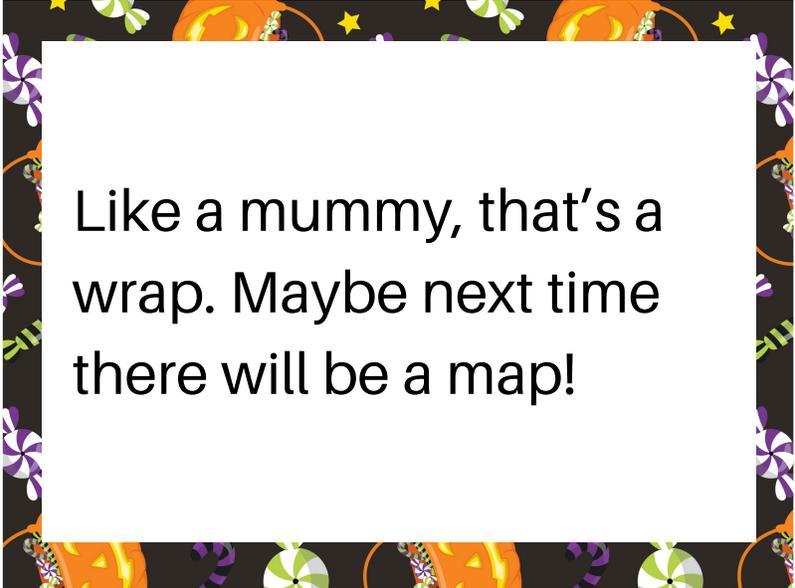

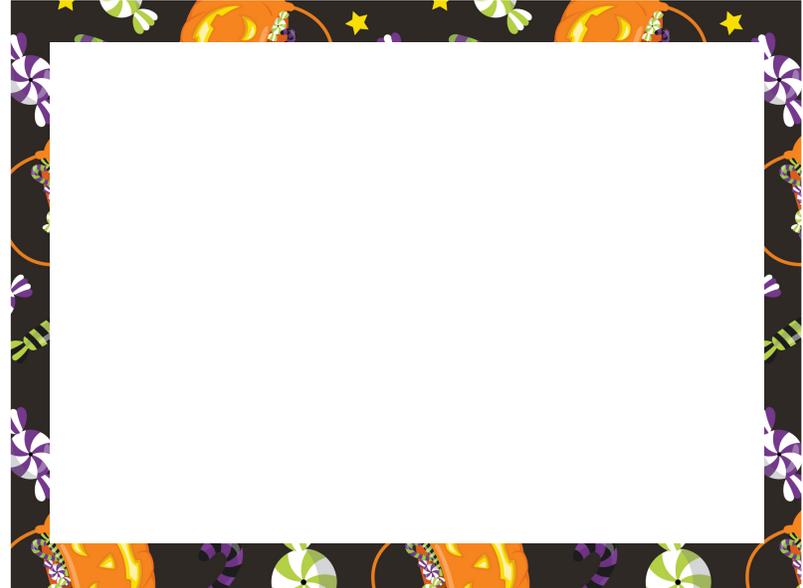

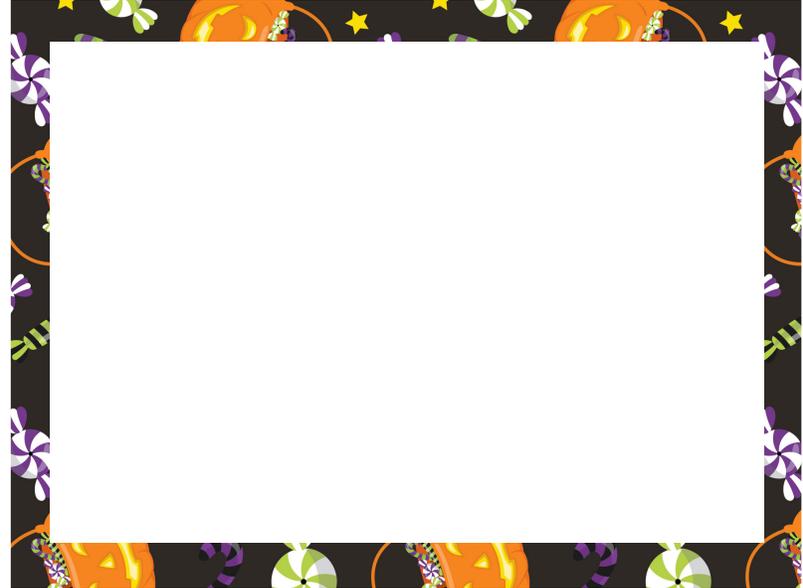

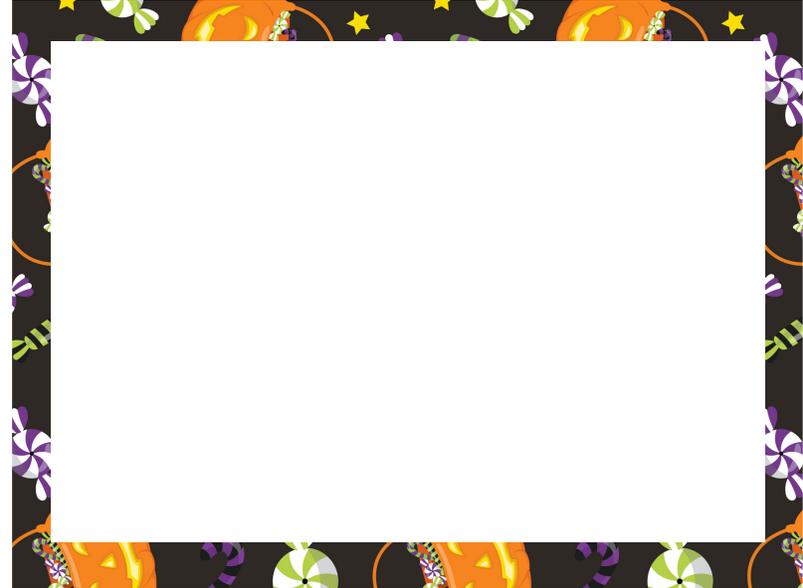

Shhh, do you hear that? Maybe it was just the meowing of a cat. Look up higher where you might find a bat.

You're getting warmer! I can feel it in my bones. The next clue is hidden next to some stones.

Still no luck, but you are closing in. Where's the pumpkin with a big grin?

Like a mummy, that's a wrap. Maybe next time there will be a map!
